The Pan's Popularity.

The rapid growth of any enterprise, institution or business is a sure index of its hold on the good will of the public. This was never better evidenced than in the case of the Pan-Electric telephone in Fort Worth. During the last year its business has increased 50 per cent. in this city, a gain that shows how greatly the good service it has rendered has been appreciated. The improvement in the service has been constant, and will be continued till it has reached a point as near perfection as human operations can attain.

Manager Watkins informed a GAZETTE man yesterday that the demand for new phones had been so brisk of late that all the wire available for that purpose was exhausted, though a fresh supply would shortly be received. The pan is looming up grandly and justly merits all its popularity.

INCANTATIONS DON'T DO.

Was Figures, Pins, Thorny Sticks and Red-Hot Horse Shoes.

Special to the Gazette.

New LARDO, MEX., March 27.—An autopsy was held to-day on the body of the man who died in the hands of the witch doctors. The examination showed cancer of the stomach. The treatment received consisted of divers incantations with wax figures having pins stuck in them, and at the same time beating the patient with a thorny stick, exclaiming at each groan of his that it was the evil spirit, not him, that was feeling the effect of the blows. Finding all this not to have the desired effect, they burned him on the hands and feet with a red-hot horseshoe, when the patient expired. These people know all of the poisonous herbs and insects of this latitude, and are a really dangerous class.

For Alderman.

This issue contains the announcement of J. S. Clarkson as a candidate for alderman from the Second ward. As a citizen and business man Mr. Clarkson is well known in this city, and allows his name to go before the public at the earnest solicitation of his friends, who guarantee that, if elected, his supporters will never have cause to regret their choice.

Tuesday "Mikado" was rehearsed and Wednesday evening social calls were made. Thursday evening was the occasion of one of the most recherche affairs of the season—a progressive euchre given by W. B. Munson in honor of Miss Jessie Newton of Dallas, sister of the artist's work of the Museum. Munson were passed around by Miss Liane Munson. The favors were won by Miss Leeper and Mr. Harlow. Young Mr. Young won the booby prize—an infant's bill. Clarence says it is.

Miss Newton looked fairly like in cream silk, lace and pearls.

Miss Jennie Munson wore a handsome dark silk, lace trimmings.

Miss Tri Munson, pale pink satin, black lace draperies.

Miss Leeper an elegant black silk, old gold jewelry.

Miss Williams, wine velvet, faced bodice.

Miss Becker, black velvet and lace.

Friday evening the "Mikado" troupe met in the parlors of W. B. Jones. The rehearsal was pronounced by all to be of the highest quality, and the public will have a rare treat on hearing the production immediately after the Lenten season.

The A. G. club have secured the services of Prof. Tietzel, and devote all their spare time practicing. The young ladies will expect many successes during the summer months.

The J. M. club will reorganize after Lent for the summer campaign. Three of their number were lost that is married—this winter. Bright promises were made.

Yesterday the GAZETTE reporter took a jaunt four miles north of the city, near the residence of J. S. Nelson. He took possession among the budding boughs of an elm and witnessed a shooting match between Miss Fannie Roy and Mr. Wright, and to the great chagrin of the doctor, the young lady, who is a champion shot, won the match.

They need a 32 caliber Stephens rifle, shooting off-hand, a distance of sixty yards. Miss Roy succeeded in placing seven in the bull's eye, within an inch and a half circle. Miss Roy lives on West Main street, this city, is eighteen years old, beautiful and accomplished, and is perhaps the best shot about among the fair sex in this state. She also shoots very well on the wing.

Harry Platter, attorney for the base ball club, is going to bring suit against the newsboys for using their diamond to play marbles in.

The GAZETTE continues to be the leading state paper that circulates in Texas.

Miss Jennie Cox, who has been visiting for several weeks among friends in Fort Worth and Bonham, has returned home.

Dr. Pettit and wife passed through the city Saturday morning en route to their home in Sherman.

Why is it that the young society men of this city want to know who the "society writer" of the GAZETTE is? They say it is a young lady. Now, who told us that?

The social dance given at the residence of Mrs. Corner, near the park, last night, was a most enjoyable affair. Notwithstanding the heavy rain and threatening clouds, there were about twenty couples present, who tripped the light fantastic toe until the wee hours of morning, and departed well pleased with the evening's pleasure.

Mrs. Corner, who was a guest of Mr. John Greaser, and her sister, Miss Mattie Lewis, returned to their home in Sherman Friday.

Miss Katie Chabertin, sister to Dick the GAZETTE circulator, is visiting her brother this week.

Rev. Wolfe commences his meeting again Sunday, after a short visit to Texas.

The Gate City social club gave another one of its popular balls on last Thursday night, where an evening was spent in dancing and pleasant conversation. This club is one of the most popular in the city and where they average a ball those who attend know they will have a pleasant time.

A dance was given at the residence of Mr. and Mrs. Coleman, who reside one mile south of the city, on last Monday night, which was one of the most pleasant gatherings of the week. Quite a large crowd of the city's young folks attended, besides several from Sherman.

At 12 o'clock wine and cake was brought in and a social conversation and several excellent music and singing was next the order. Several couples surrounded the table and cheered each other while the rest were enjoying themselves.

A very pleasant croquet party was given at the residence of A. M. Williams, on West Main street, last Monday night.

The residence of Mr. Campbell, on West Sears street, was the scene of another one of those pleasant and enjoyable affairs which Denison is so noted for among her young people. Dancing was the order of the evening, which was kept up until a reasonable hour, when all dispersed well pleased with the evening's enjoyment.

W. F. Simmons, a young man eighteen years of age, was brought in from Whitewright by Constable Hamilton this evening and lodged in jail. Simmons is the young man who murdered a youth aged seventeen, Friday, at White Wright, over a dispute about a game of pool. Simmons was interviewed by a GAZETTE reporter. He seems sorry to the deed but does not realize where it places him.

Deputy United States Marshal Bruner of Southern Kansas district brought in three noted prisoners to-day and lodged them in the city jail.

The men who are wanted in the Territory for selling liquor and several other misdemeanors, and a man in Paris and one in Dallas, who is also wanted for horse-stealing, liquor selling and several other charges against him. He was arrested near Garfield, Ark., where he is a good reward for him. The Wade boys were also caught in Arkansas. One of Bruner has been after him for two months.
